Progress with the new hall

The big question is how to fill our £200k funding gap. We're working on grant applications and investigating different options. Officers at Bradford Council are helping with this.

Meanwhile, a Quantity Surveyor has been appointed to accurately price the construction and plans are on-going to survey the ground on Lodge Street and prepare the foundations design. A £400 community grant from Cullingworth Village Council has helped to fund the cost of the QS—big thank you to the VC.
